Galerie Jean-Marc Lelouch

Art addict

For more than 30 years **Jean-Marc Lelouch** has been offering a selection of artworks and artist's furniture that reflects him and beguile a loyal and demanding clientele, made up of art lovers and interior architects. Furthermore, he produces certain artists under exclusivity such as, *Philippe Hiquily* with whom he had the privilege of personally collaborating, *Jacques Andrieux*, *Cees Rombout*, *Craft...*

He promotes and reveals artisans, creators of unique works of art, mainly working with bronze, iron and ceramics. Jean-Marc Lelouch is a filter that entices his clients to discover new artists. In his Parisian gallery located on the Rive Gauche (left bank of the Seine), facing the Louvre, you can find a pièce of art which corresponds to you, a line, a non-conformism of good taste where everything seems different.

ARTIST MADE FURNITURE

It was **Philippe Hiquily** who suggested to Jean-Marc Lelouch to edit furniture in collaboration with artists, and who entrusted him with the first models for the JMLelouch editions.

The gallery thus offers under exclusivity, pieces of furniture : tables, ceiling lights, lamps, ashtrays, etc. . It also exhibits sculptures from the artist's iconic period (late 1960s, early 1970s).
